

To Rose Mary + Crossbow

These few lines are to let you know how much I enjoy and appreciate your music.

After I arrived here from New Orleans, where I had two country music bars and two quite large dance floors, I decided to let that part of my life slip away. That was before I came one night to the VFW with a friend. I discovered that night that there was true, real country-western music here. Better than New Orleans.

Your singing and music delivery was, and is, outstanding. I was very much surprised to hear honest country music played so well. The singing is far past enjoyable and the individuals playing the instruments are accomplished beyond what would be expected — far beyond!

I believe this is the best all-around country band I have ever experienced.

Thank you all for some of the most enjoyable nights I have ever had.
